

# SANUVOX

## SR Max - IN DUCT PURIFICATION UV AIR STERILIZATION SYSTEM

### New Cobalt Catalyst Oxidation - CCO

The Sanuvox SR Max represents an evolution in UV In-Duct Air Treatment. The high-efficiency patented design destroys airborne bio-chemical contaminants while providing important user information with color changing LED.

Installed into the return or supply plenum, the Sanuvox proprietary process maximizes dwell (contact) time between the air and UV energy. With the ability to treat homes up to 2,000 sq.ft., the Sanuvox SR Max represents the very best in UV Air Purification.

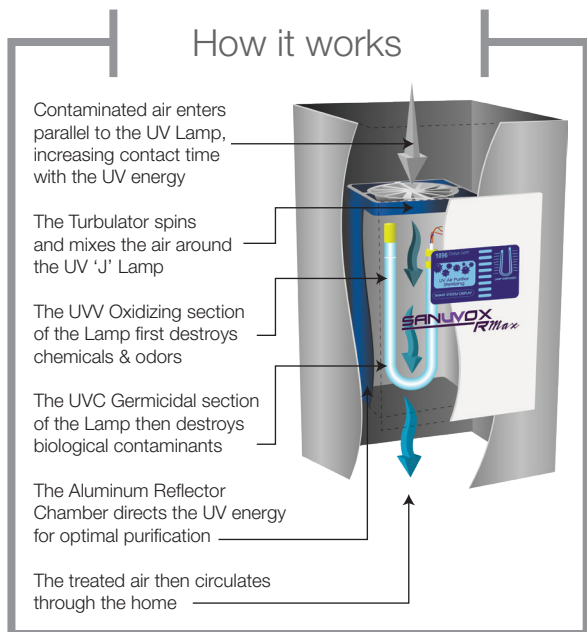

## SR Max Benefits

### Most advanced purification system available

Designed to destroy viruses, germs, bacteria, mold, chemicals, odors & allergens with the new Cobalt Catalyst that destroys VOCs.

## Breathe better, Live better.

#### How it works

#### Features

Patented process incl.  
**High-Intensity 19 mm  
Quartz UVC/UV 'J'  
Lamp**

**UV Chamber rotates  
360 degrees**  
for up-flow  
or down-flow systems

**3-year repair  
warranty** for the unit  
& replacement  
warranty for the lamp
